2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Additional Write up:

The institute is an affiliated educational body and focuses on curricular enrichment and its execution rather than curricular planning and development. The institute since its establishment has developed its own teaching learning pedagogy which is outcome based learning. The outcomes are evaluated by multiple facets.

1. Internal Evaluation System

Mid – Terms – The institute conducts two internal examinations to evaluate the syllabus portion of syllabus taught by the faculty related to that subject. The evaluation is done by the teachers on the basis of answers written by the student. The question paper does contain questions related to real life situation in the form of a case study. The teacher checks the written answer for exact type of argument or solution written by the student in accordance with what is taught in the class. The marks obtained by the student is also a parameter to evaluate his performance and also the impact of what a teacher taught in the class related to the subject.

Prof. (Dr.) Manpreet Kaur Rajpal
Dean
Indore Institute of Law

Assignments – assignments are given to the students on a regular basis to evaluate their understanding of the topic related to the subject. The assignment is evaluated for the content provided by the student with regard to its relevancy with the topic given, it also helps in evaluating a student's acumen to write the correct answer incorporating all the facts and figures associated with the topic. A solution containing proper content associated with the question will help in evaluating how much the student has understood about the topic and how well he has remembered it.

Grand viva – The grand viva is another tool which comprises of questions from entire syllabus and has to answer in handwritten form and has to give a presentation on the same. The presentation is the actual evaluation of a student with regard to the questions given in the grand viva. The responses are another measure of the student's effective learning.

Pre University Exam - Pre University exam is a way opted by the institute to prepare students for their final examination. It is a simulation which is as per the practices of the university. The answer sheet is evaluated by the teachers and the results are shown to the students which again is a measure of actual learning done by the student.

Surprise Test - from time to time a teacher conducts surprise test in the class which helps in measuring the level of a students learning via his performance in the test. This also enables the students to access their own performance.

2. Assessment of Learning Outcomes from Participation in non curricular activities –

Besides academic evaluation the students are also evaluated on the basis of their participation and performance in various co curricular activities conducted by the institute for its student and also by other institutes which includes national law schools, national and international law universities and colleges etc.

Prof. (Dr.) Manpreet Kaur Rajpal
Dean
Indore Institute of Law

Law students are assessed on their participation in various competitions like Moot court, Trial Advocacy, Client Counseling etc. where a student performs on the basis of things taught to him by the faculty related to the competition. This shows the level of students confidence in his own capabilities and zeal to get exposure and perform among unknown people and conditions.

Competitions related to parliamentary Debate, Negotiation and Drafting, Law Quiz, Sports etc enables a student to gain practical exposure and also provides an opportunity to showcase and hone his skills related to it. It is another measure of evaluating a students learning.

3. **Annual Exam & Viva**– End of Semester exam is the most popular way to evaluate a students’ performance. Similarly the viva conducted by the university in practical subjects directly evaluates a students’ performance and provides a measure of awareness and level of knowledge about the subject. The result of the semester exam provides another method to evaluate students.
4. **Result Analysis(by the institute)**–It provides an assessment of performance of the students on the basis of number of students passed and number of students failed. It also gives an idea about the students passing in various divisions like first, second and third. It gives a measure of success and failure of the students with regard to their knowledge of the subjects.
5. **University Ranking** – The institute has a glorious record when it comes to University Rankings. Often the students of the institute are among the top rank holders and are often among the top 3 rank holders in the university merit list. This is another measure of estimating the effectiveness of teaching and its impact on the students which is shown by the student’s position in the merit list. A total of 70 students from the institute are among the top 100 student in university merit list. It gives an idea of effectiveness of teaching with regard to all contemporary educational institutions.

Prof. (Dr.) Manpreet Kaur Rajpal
Dean
Indore Institute of Law

6. **Participation in other college Moot Court and various competitions** – Another measure to assess the impact of learning on students is to evaluate their performance in various competitions they took part. The winning of a competition like moot court competition, client counseling competition etc. shows the real learning which is more practical in nature and also showcases the amount of learning done by the student. These type of participations and evaluations provide a direct measure of impact of teaching done by the faculty.

Performance in-house competitions – the student's participation and their performance in the in house competitions is a measure of efforts made by the faculty and institute.

7) **Award and Recognition & Endorsements Received by our students** – The awards and recognitions and endorsements received by the students is a direct evaluation of the measures taken by the institute to train their students. These awards and recognitions are a result of efforts made by the institute on the students and is a direct measure of effectiveness of teaching.

8) **Feedback Evaluation**–The institute collects feedback about its measures of learning in following two ways –

(a) **Syllabus** – The IQAC collects student's feedback about the syllabus and evaluates it. On the basis of the feedback obtained it forwards a letter to the affiliating body suggesting the changes to be made to the syllabus.

(b) **Internal** – The institute timely takes feedback from the students about the academic delivery and its effective implementation. The suggestions are then forwarded to IQAC for further action, evaluation and implementation.

9) **Internship** – The students have to mandatorily go for Internship after every semester which is an opportunity for the students to learn about the practical aspects of the learning provided at the institute. The evaluation is done on the basis of certificate provided by the firm or corporate where a student did the internship.

Prof. (Dr.) Manpreet Kaur Rajpal
Dean
Indore Institute of Law

10) Placements – The placement procured by the students and the feedback from the firm recruiting also gives a measure of learning provided by the institute. It directly reflects the competency of the students in their profession which is a reflection of things taught by the institute. Being a professional course the course in itself provides job assurance as the successful completion results in permission to practice law.

11) State Bar – The number of student getting enrolled in the state bar also is a measure of institute's measures to deliver competency. The more is the number of students clearing the bar exam more is the competency.

12) Higher Education – After graduation many students pursue higher education for which they move to national and international institutes. The exam that they clear to get selected is from the curriculum taught by the institute. The students clearing and getting selected directly is a measure of institute's effective delivery of academics

13) Competitive Exams – After the successful completion of the course from the institute the students appear in various competitive exams related to judiciary, Administration, etc. which again showcases the impact of institute's measures to make a student aware and confident of clearing the exam.

Alumni excelling in various fields – the institute since its inception have provided 18000+ lawyers to the society. These alumni are serving the society in various capacities. The institutes has following alumni to measure its efficiency –

1. Member of Parliament
2. Member of Legislative Assembly
3. 72 CJs
4. Numerous ADPOs
5. Corporate Lawyers

Academic & Administrative Audit

It refers to critical evaluation of the academic and administrative processes in an institute with respect to compare the results obtained against the objectives to be achieved in the planner and work upon the deviations if any tasks to be done in the academic planner against the goals achieved during the span of time i.e. academic year.

Academic Administrative Audit

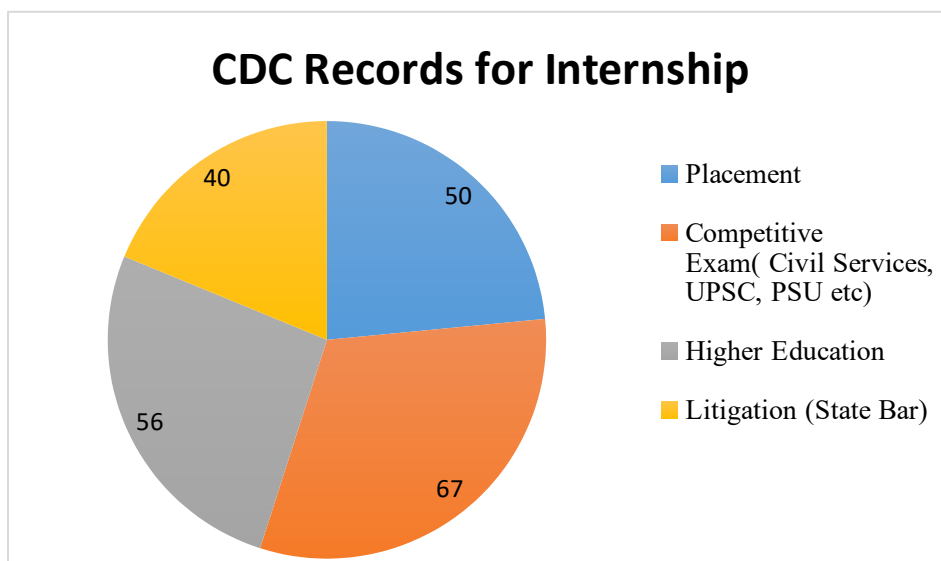

Academic Audit – It refers to the **Critical Analysis of the Academic Planner** which is duly approved by the IQAC and the effective and efficient implementation of the Academic Planner is done or not. It is done for the following constituents –

- ❖ **Academic Council:** – It comprises of all the Head of department and University and Exam Cell. IQAC evaluates timely execution of the academic planner with regard to conduction of routine lectures and internal examinations along with **Research Paper Presentation, Grand Viva Presentation, Crash Course and Pre University Test**. The IQAC audited the entire process and found that all the activities were conducted as per schedule. Though the IQAC was not happy with the non-conduction of **Internal Examination and Grand Viva Presentation in BBA LL B II semester** due to sudden declaration of semester examination by the affiliating university in lieu of late conduction of first semester (14 Months approx).
- ❖ **Skill Development Cell:** The IQAC audited Skill Development Cell's execution of all the activities and competitions suggested and mentioned by the IQAC in the planner. Various activities like **Smt. Nirmala Devi Bam Memorial Moot Court Competition, KLB MUN, Induction Exordium, International Conference on Law, Management & Social Science** returned to physical form instead of the online format during covid days. The IQAC audited the entire activities and records and found that all the activities were conducted on time and were in sync with the academic planner.

Manpreet

- ❖ **Research and Publication:** The IQAC analyzed the Research and Publication Cell activities like publication of monthly newsletter **NyayaDisha**, yearly Research Journal **Legal Voice of India (LVI) and its publication** and getting **ISBN** number for a new Research journal **Anusandhan**. IQAC found all the works completed on time and was highly satisfied with the results. The IQAC also praised the cell for successful conduction of 4th International Conference conducted at Indore Institute of Law.
- ❖ **University & Exam Cell:** IQAC regularly keeps a watch on **University and Exam Cell** for timely conduction of **Internal Examination** and various components associated with evaluation and also look after issues related to university and final result. The **IQAC** found **no variation** with regard to execution and conduction of various components related to internal evaluation as per the planner except in **B.B.A. LL. B. II semester** where the **Second Internal Examination** and **Grand Viva** could not take place due to sudden declaration of Semester end examination by the University as the semester was running late. Despite college being the Centre for 6 university semester end examinations due to Covid the University & Examination Cell's work was found Satisfactory by the IQAC. The University and Exam cell proposed for Autonomous status to the College Management.
- ❖ **Career Development Cell:** IQAC thoroughly audited the work done by the Career Development Cell and found its working satisfactory. It went through the applications sent by students for internship and placement assistance and checked it against the number of internship allotted and placements provided by the CDC.
