Director&Dean/Principal/H.O.D.

As the college is a Jain minority college, the institute helps the minority group to achieve their goals and shine with flying colours. The objective of the scheme is to award scholarships to meritorious students belonging to economically weaker sections of JAIN minority community so as to provide them better opportunities for education, increase their rate of attainment in higher education and enhance their employability. The minority status accorded to Jain community by union government is expected to benefit a number of students who come from economically weaker sections, especially in rural areas in the States.

9. Economic weaker section

The scholarship aims to provide financial assistance to needy students from **underprivileged/economic weaker section**. Scholarship initiative backs students from poor backgrounds to easily pursue graduation and post graduation. By introducing this scholarship, young and talented minds are encouraged to excel in education and become responsible members of society.
