GLIMPSES

WHAT IS MODEL UNITED NATION (MUN)?

Model United Nations is an academic simulation of the United Nations where students play the role of delegates from different countries and attempt to solve real world issues with the policies and perspectives of their assigned country. Once a team has registered for a conference, it receives a country to represent.

Model United Nations was born from such an inception; it is a platform for young minds to refine their debate and interpersonal skills as they grapple with the complexity of global politics, proving just what an inquisitive mind and meticulous research can bring to the table. Since our humble beginnings in 2003, we

have hosted numerous internal conferences, sharpening our young delegates' critical thinking skills, and honing their knowledge of international affairs while enhancing their leadership capabilities. As we broaden our horizons, we gear up for the 5th edition of Shree Kantilal Bam Model United Nations, National Conference scheduled for 04 and 05 Oct. 2024. This edition is a grand one for it presents new committees and thrilling agendas that will keep the excitement at an all-time high and guarantee an exhilarating experience for all.

The Indore Institute of Law unquestionable prodigy stands as a testament to the institution's successes. We strongly believe that learning happens via exposure, so we work hard to organise events that give all applicants who are looking for chances to explore and broaden their knowledge a platform. IIL has a long history of planning successful educational activities that benefit participants as a whole. Even though there were pandemic restrictions, the institute went digital and hosted an online KLB-MUN, which was a huge success for both the participants and us. The national conference, which serves as the centerpiece of the fourth Shree Kanti Lal Bam Model United Nations, was organised by IIL in pursuance with the changing dynamics of education. I welcome all the dexterous participants to the MUN and be the voice of change. 'Education is the passport to the future, for tomorrow belongs to those who prepare for it today'. People who dream are the only ones who take part in upgrading the society and the whole world in totality.
